EMPLOYEE OWNED

PERFORMA[®]

ECO JACKET

WASHING

- ✓ 40 degrees or less
- ✓ Can be dry cleaned
- ✗ Do not use fabric conditioner
- ✗ Do not bleach

Designed to withstand the rigours of school life, Performa[®] Eco jackets are machine washable at an environmentally-friendly 30 degrees using non-biological or colour care detergent.

Do not use fabric conditioner.

DRYING

- ✓ Air dry only
- ✗ Do not wring
- ✗ Do not tumble dry

We advise you to air dry your garment flat. To avoid creasing, remove from the machine as soon as possible. Do not put your Performa[®] Eco jacket on a hanger or radiator to dry, as this will mark or heat damage them.

IRONING

- ✓ Cool iron only
- ✗ Do not steam iron
